

unbalanced patch cable

- extremely flexible
- spiral shield
- small outer diameter

PVC

This cost effective unbalanced cable is the right choice when mechanical loads are minimal, e.g. rack internal wiring of Line-Level devices. Shielded by a very dense copper spiral shield it can be used to strong fields of interference.

construction

cond. construction	stranded tinned copper, 7 x 0.20 mm
cond. cross section	0.22 mm ²
insulation	polyethylene (PE)
shielding	bare copper spiral shield
outer jacket	PVC, matt
overall diameter	4.0 mm

electric

conductor resistance	< 85 Ω/km
capacitance	
cond. / shield	130 pF/m
insulation resistance	> 1 GΩ x km

mechanics

min. bending radius	20 mm
working temperature	-20°C / +70°C

order code	colour	weight [kg/m]	standard lengths [m]
IY104SW	black	0.02	30 / 50 / 100 / 200 / 300 / 500
