

12225

Tray

Product variant

12225-000-55 - black

Data

Dimensions	250 x 330 mm
Material	steel
Screw-on to	tube diameter up to 30 mm
Special features	with slot for convenient cable routing; a foam insert is included
Type	black
Weight	1.65 kg

This practical tray attaches to all tripods up to 30 mm tube diameter. The usable shelf space is 250 x 330 mm and is ideal for smaller electronic devices such as mixers, controllers or tablets. An additional slot in the plate ensures convenient cable routing. The sturdy steel construction is also ideal for storing percussion and other music accessories. A foam insert absorbs vibrations and prevents unpleasant background noises. Additionally, the distance to the tripod as well as the lining up of the plate can be individually adjusted.
